Purpose of the Catalog

The courses of instruction announced herein are those that are available for offering during the sessions of 2012-2014. Courses to be offered during any one semester or summer term are posted in the Blue and Gold Connection prior to registration for a particular semester or term. To meet evolving needs, the university does reserve the right to make changes in courses and to offer only those for which a sufficient number of students register.

The provisions of this catalog do not constitute a contract, express or implied, between any applicant, student, faculty or staff member of Texas A&M University-Kingsville or The Texas A&M University System. This catalog is for informational purposes only. The university reserves the right to change or alter any statement herein without prior notice. This catalog should not be interpreted to allow a student that begins his or her education under the catalog to continue the program under the provisions in the catalog.

Student Responsibility
Each student is responsible for knowing the academic regulations in the Catalog. Unfamiliarity with these regulations does not constitute a valid reason for failure to fulfill them.

Equal Opportunity Policy
In compliance with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and Executive Order 11246, Texas A&M University-Kingsville is open to all persons regardless of race, color, religion, sex, national origin, age, disability or veteran’s status who are otherwise eligible for admission as students. A&M-Kingsville does not discriminate on the basis of disability in admission or access to its programs.

A&M-Kingsville is an Equal Opportunity/Affirmative Action Employer and no applicant or employee will be discriminated against because of race, color, age, religion, sex, national origin, disability or veteran’s status in any personnel action. This university will not enter knowingly into contractual agreements for services or supplies with any firm failing to follow fair employment practices.

Contact the Compliance Office, Lewis Hall, Room 130 - (361) 593-4758 for additional information.

Family Educational Rights and Privacy Act of 1974 and Amendments Thereto
This act is designated to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the act.

Texas A&M University-Kingsville accords all rights under the law to all students. No one outside the institution shall have access to nor will the institution disclose any information, other than directory information, from a student=s education records without the written consent of the student, except to personnel within the institution, to officials of other institutions in which the student seeks to enroll, to persons or organizations providing student financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with judicial order and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.
In compliance with the Family Educational Rights and Privacy Act of 1974, information classified as "Directory Information" may be released to the general public without the consent of the student. The following is designated as directory information:

Student’s name, a local and home address, telephone number, major or minor, current class schedule, number of hours enrolled in current semester, classification, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and all previous educational agencies or institutions attended.

Students reserve the right to suppress any information from being released without their consent. Any student wishing to withhold any or all of this information should notify the Office of the Registrar. The university assumes that failure on the part of any student to specifically request the withholding of directory information indicates individual approval for disclosure.

Standards of Campus Conduct

Members of the university community assume full responsibility for compliance with Texas laws and for proper self-conduct. In addition to behaving according to the ordinary conventions of adult society, members of the university community are bound by university rules and regulations conducive to creating a positive campus atmosphere and general academic well-being.

The code for student conduct is set forth in the Student Handbook. Specific attention is given there to rules addressing academic misconduct, hazing, sexual harassment and substance abuse, including alcohol abuse and the illicit use of drugs. Grievance procedures and guidelines for sanctions are outlined.

Standards of conduct for university employees are detailed in the Texas A&M University System Policies. The Texas A&M University-Kingsville Faculty Handbook sets forth rules and regulations governing academic freedom and responsibility, sexual harassment, substance abuse, conflict of interests, research policies and other professional issues. Grievance procedures are set forth there.

In order to create a healthy and pleasant atmosphere, a campus-wide smoking policy designates only certain areas for smoking.

Hazing

Hazing is a criminal violation under Texas law. A person may be found guilty of criminal conduct for hazing, encouraging hazing, permitting hazing, or having knowledge of the planning of hazing incidents and failing to report in writing his/her knowledge to the Dean of Students.

Both failing to report hazing and hazing that does not result in serious bodily injury are Class B misdemeanors. Hazing that results in serious bodily injury is a Class A misdemeanor. Hazing resulting in a death is a state jail felony. An organization found guilty of hazing may be fined $5,000 to $10,000 or, for incidents causing personal injury or property damage, an amount double the loss or expenses incurred because of the hazing incident.

It is not a defense to prosecution that the person hazed consented to the hazing activity.

Any person reporting a specific hazing incident to the Dean of Students or other appropriate institutional official is immune from civil and criminal liability unless the report is in bad faith or malicious.

This state law does not limit or affect the right of an educational institution=s right to enforce its own penalties against hazing.

The Education Code defines hazing as “any intentional, knowing, or reckless act occurring on or off the campus of an educational institution, by one person or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization.” The statute contains a list of conduct which constitutes hazing.
Student Right-to-Know and Campus Security Act, Public Law 101-542 and Amendments Thereto
This act is designed to provide prospective or entering students with information concerning (a) campus security policies and procedures, security services available, campus crime statistics and alcohol and drug use policies; (b) completion or graduation rate of full time certification-seeking or degree-seeking undergraduate students; and (c) graduation rate of student athletes who receive athletic scholarships. This information is contained in an annual report available in the library.

University Assessment
Students enrolled at Texas A&M University-Kingsville are required to participate in university assessment activities for the evaluation and improvement of university programs and curricula.

LOCATION

Texas A&M University-Kingsville serves an area comprising the citrus region of the Rio Grande Valley, extensive ranch and farm land, productive oil and gas regions and the expanding industrial area along the Gulf Coast.

Kingsville, the county seat of Kleberg County, is a city of approximately 26,000. It is situated 160 miles southeast of San Antonio, 220 miles south of Austin, 40 miles southwest of Corpus Christi and 120 miles north of Brownsville. The altitude is about 75 feet.

Buildings and Grounds

Texas A&M University-Kingsville has more than 1,600 acres of land located at 11 different sites. The main campus consists of more than 108 buildings with approximately 2.272 million square feet of floor space and occupies approximately 250 acres of land located in the northwest quadrant of the City of Kingsville. The University Farm is on 545 acres of land located about one-half mile north of the main campus. The university also operates the Citrus Center near Weslaco, Texas and a marine sciences ecology research area on Baffin Bay.

HISTORY

Texas A&M University-Kingsville had its origin as a public institution in the teacher college movement that swept Texas in the early 1900s. Shortly after the institution's inception as South Texas State Teachers College in 1925, its role was expanded to embrace a wider array of programs typically authorized for comprehensive universities, including the graduate program that began in 1935. The historical expansion of the university's role was reflected in the change of its name to Texas College of Arts and Industries in 1929 and to Texas A&I University in 1967. The university became the nucleus of the University System of South Texas in 1972. In 1989 the university, along with other USST institutions, became a member of The Texas A&M University System. The System Board of Regents in 1993 voted to change the name of the university to Texas A&M University-Kingsville, effective September 1, 1993.

MISSION OF THE UNIVERSITY

The mission of Texas A&M University-Kingsville is to develop well-rounded leaders and critical thinkers who can solve problems in an increasingly complex, dynamic and global society. Located in South Texas, the university is a teaching, research and service institution that provides access to higher education in an ethnically and culturally diverse region of the nation. Texas A&M-Kingsville offers an extensive array of baccalaureate and master's degree programs and selected doctoral and professional degrees in an academically challenging, learner-centered and caring environment where all employees contribute to student success.

Texas A&M-Kingsville shall provide written notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.

2. A student who receives notice as specified in number one above may dispute the denial of credit by contacting a designated official at either the sending institution or Texas A&M-Kingsville.

3. Texas A&M-Kingsville, the sending institution and the student shall attempt to resolve the transfer of the course credit in accordance with Coordinating Board rules and guidelines.

4. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, Texas A&M-Kingsville shall notify the Commissioner of its denial and the reasons for the denial.

5. The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

The Coordinating Board shall collect data on the types of transfer disputes that are reported and the disposition of each case that is considered by the Commissioner or the Commissioner’s designee.

If Texas A&M-Kingsville has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should first contact the sending institution and attempt to resolve the problem. In the event that Texas A&M-Kingsville and the sending institution are unable to come to a satisfactory resolution, Texas A&M-Kingsville may notify the Commissioner of Higher Education, who may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

CLEP is a local standardized examination administered on computer. Examinees receive immediate score reports for all exams with some exceptions. Credit by CLEP examinations is available in the courses listed below to any A&M-Kingsville students at any time during their college career. The exception is that students will not be eligible for credit in a course for which they have received credit in a more advanced course unless otherwise designated by the chair of the department in which the subject is offered. Both general and subject examinations are offered through the Academic Testing Office. Information on time, examination fees and location for these tests may be obtained from the Academic Testing Office at 361-593-3303.

*Students must take BIOL 1106 and BIOL 1107 to receive lab credit.

**Students must take CHEM 1111 and CHEM 1112 to receive lab credit.
Entrance Examination Credit – Transfer Students
Credit by examination secured through another college or university must be clearly indicated on the official transcript from that institution for credit to be accepted by Texas A&M-Kingsville.

Credit by Local Examination (Departmental)
Local examinations are available to students for organized class courses not designated for credit by the College Level Examination Program (CLEP). The student should contact the department in which the course is offered for information about the examinations. Eligibility will be determined by the department and will be dependent on a student’s particular qualifications due to study or work experience. The department will also determine whether or not the student’s performance on the local examination merits university credit and whether any further requirements for credit are to be met. Students may not receive credit by local examination in a subject in which they have already received a grade in the same course or in a more advanced course. There is no fee charged for these examinations.

International Baccalaureate Diploma Program Credit Policy
Texas A&M University-Kingsville will grant a minimum of 24 undergraduate credit hours or equivalent course credit in appropriate subject areas to an entering freshman student who has successfully completed the International Baccalaureate (IB) Diploma Program with a minimum test score of four on each examination administered as part of the diploma program. If a student receives a score of less than a four on an examination, he/she may receive less than 24 credit hours as an IB Diploma student. The student must have the International Baccalaureate Organization submit to the Office of Admissions the student’s Transcript of Grades and Diploma to apply for the credit.

A Minimum Grade of 4 is Required in Each Exam

**SL = Standard Level, HL = Higher Level**

**Bacterial Meningitis (Senate Bill 1107)**
Beginning January 1, 2012 in accordance with Texas Senate Bill 1107 (SB 1107), it is required that all new students, transfer students and returning students (who have had a fall or spring semester break in their attendance at an institution of higher education) provide proof of a bacterial meningitis vaccination or booster 10 days prior to the first class day of the entering semester. Without the evidence of vaccination, a student cannot attend classes on campus.

Students who do not provide the evidence of vaccination will not be allowed to attend classes and will be dropped from all classes on the first class day.

For more information, students and families may contact the Health Care Clinic at (361) 593-2904.

**Other Immunization**

It is recommended that students entering Texas A&M-Kingsville be vaccinated prior to enrollment and that preventive vaccinations be taken when required.

The following vaccinations are recommended:
- Two (2) doses MMR (Measles, Mumps, Rubella) vaccine
- Tetanus-Diphtheria booster within the past 10 years
- Polio (if under the age of 18)
- Tuberculosis (TB) skin test, (within one year prior to enrollment)
- Hepatitis A vaccine
- Hepatitis B vaccine

Immunization records should be sent to Health Care Clinic, Texas A&M-Kingsville, MSC 112, Kingsville, TX 78363. Questions regarding these vaccinations should be addressed to student Health Care Clinic at 361-593-2904, a family physician, the county health department or the Immunization Division of the Texas Department of Health.
REQUIRED ON CAMPUS RESIDENCE POLICY

Texas A&M University-Kingsville has had a required residence policy for many years. All students enrolling at the University who are unmarried, under 20 years of age on September 1 of the respective fall semester, or on January 18 of the respective spring semester, and who have fewer than 30 semester hours of acceptable credit with the university, will be required to reside in university housing for one academic year unless granted an exception by the Residence Life Office. All students under the Required Residence Policy will automatically be billed for housing charges. A specific residence hall and meal plan can be requested by completing the housing agreement/deposit application forms which can be obtained from the Department of University Housing and Residence Life, MSC 108, Texas A&M University-Kingsville, Kingsville, TX 78363-8202; 361-593-3419, or go online at http://www.tamuk.edu/housing. This application (accompanied by a $150 Room Reservation and Damage Deposit and a copy of your bacterial meningitis vaccination record) must be completed by all hall residents prior to being assigned to a specific hall or roommate.

Request to Live Off Campus

In order to be considered for an exception to the required residency policy, the student must contact the University Housing and Residence Life Office or go online at http://tamuk.edu/housing for the necessary form and send completed form to the office by July 15 for the fall semester and December 1 for the spring semester. All commuting students (including those who are residents of the Kingsville area) must complete this form. A committee will review the request. Simply turning in a request does not mean an exemption is given. Applicants should not make other housing arrangements until they are notified in writing as to the status of their request. Exceptions to the policy may be granted to those students who are (a) living with a parent or legal guardian and commuting within 40 miles, (b) who are enrolled on a part-time basis (6 hours or fewer), (c) veterans, or (d) married.

Applying for University Housing

In order to be assigned to a university residence hall, a student must (a) be accepted for admission to the university, (b) complete an Academic Year Housing Agreement and a Housing Reservation/Damage Deposit Application, (c) submit a copy of your bacterial meningitis vaccination record, (d) forward the agreement and a $150 room reservation and damage deposit to the University Housing and Residence Life Office. Students are encouraged to read the agreement along with the terms and conditions carefully before signing and returning it to the university. When the agreement is signed and returned, it becomes a binding agreement between the student and the university for both fall and spring semesters while the student is enrolled at Texas A&M University-Kingsville.

Room Reservation and Damage Deposit

The $150 deposit that accompanies the Room Reservation/Damage Deposit Application serves as a combination of reservation/damage/room clearance deposit. The deposit is not applied to housing rent. The deposit will be refunded to the student upon written request when all debts owed by the resident to the university are paid and the housing agreement fulfilled.

The deposit is automatically forfeited if the student cancels after the deadline, does not check into his/her assigned room during the check-in period, moves out of the hall before the end of the semester or fails to properly check out of the hall at the end of each semester. The student will also be billed any remaining housing charges as applicable under the terms of the agreement. The previous charges, plus other damages or assessments left unpaid at the time the student leaves Texas A&M University-Kingsville Department of Using Housing and Residence Life will be deducted from the $150 deposit. Failing to submit a deposit will result in a hold being placed on the student’s school account.

Cancellation Dates

Should there be a change in plans to attend Texas A&M University-Kingsville, written notice of cancellation must be received by the Department of University Housing and Residence Life on or before the following deadlines in order to
receive a refund of $100 of the Housing Deposit. Failure to cancel a Housing reservation by the deadline will result in the automatic forfeiture of the $150 deposit.

Fall Semester: July 15  
Spring Semester: December 1  
Summer I: May 1  
Summer II: June 1

Written cancellation requests may be received in person, by mail or fax to the Department of University Housing and Residence Life. Notification submitted to other departments other than the Department of University Housing and Residence Life does not comply with this requirement; thus requested action cannot be assured. Cancellation requests will be reviewed under the terms and conditions of the housing agreement and provided that the student has complied with the university’s required residence policy.

Students who apply for housing after the cancellation deadlines stated above and then wish to cancel their housing arrangements, will have their request reviewed based on the student’s special request. If the request for cancellation is approved, the Housing charges may be removed; however, the Housing Reservation/Damage Deposit may be forfeited.

In addition, cable television is provided in each bedroom and living room. Residents also have access to a telephone line in the living room, wireless Internet, study labs, a large lounge and meeting rooms, on-site mailboxes and conveniently located administrative offices.
Mesquite Villages West – Home of the Honors College opened in the Fall of 2011. Mesquite Village West is a four-story, 98,000 square feet co-ed residence hall, housing 300 beds, with a two and four bedroom unit suite-style design with first priority assigned to students who have been accepted into the Honors Program. University Village opened in the Fall of 2009. It is a four-story, 210,000 square feet co-ed residence hall, housing 600 beds, with a two and four bedroom suite-style design. University Village is located across from Martin Hall.

Meal Plans
With the exception of Lewis Hall and Martin Hall (North A side), and Bishop Hall 1-South and University Village and Mesquite Village West students who are 21 years old or have 60 hours, all residence halls require the purchase of a meal plan in addition to housing. During the fall and spring semesters, the student may select from a variety of meal plans on the housing agreement. Any changes to the student's initial meal plan selection must be made within seven days after check-in. (This does not include the block plan, which cannot be changed.) Requests for changes to the meal plan are handled at the Residence Life Office.

Payment must be made for both the room and the meal plan. No credit will be allowed for nights not spent in the hall or meals missed. Meal plans are not transferrable from one person to another. Students who purchase a meal plan will be issued meal privileges on their student ID card. It is the student's responsibility to promptly make arrangements to pay room and board fees in order to obtain and maintain meal privileges. Failure to obtain an ID card/meal privileges does not exempt the student from the obligation to pay the full amount for room and board fees due. The student will be charged a replacement fee for the loss of the ID card. Replacements are obtained at the ID Center located in the Memorial Student Union.

Housing Payment Procedures
Upon being assigned to a residence hall, the housing fees will be added to the student's account (which includes tuition and other student fees). It shall be the student's responsibility to make prompt arrangements for payment with the Business Office.

The student may pay the full amount due or arrange to pay under the university's deferred payment plan. The first payment is equal to half of the charges due plus a $30 administrative fee and is due on or before the designated payment deadline. The remaining amount is due in two quarter payments. Students selecting the deferred payment plan must arrange for and sign the payment plan at the Business Office. Make sure that all classes and housing charges are included as only one plan is allowed. The following policies and procedures will apply:

a. Students receiving university-sponsored financial aid are expected to pay all financial obligations owed the university at the time they receive the financial aid.
b. The Business Office will send invoices to the student's billing address. Hall payments must be made on or before the due date, or a $15 late fee will be assessed.
c. If a scheduled payment becomes 10 days delinquent, notification will be forwarded to stop meals. The student will still be responsible for paying for meals that have been stopped because of non-payment. Students who have their meals stopped for non-payment are encouraged to meet with the business services manager, whose office is located in the Business Office at College Hall, to discuss payment arrangements.
d. A "hold" will be placed on the student's records for delinquent payments. A student will not receive his/her grades, transcript or be allowed to register for future semesters until such hold is cleared. Non-payment will also result in loss of future housing privileges.
e. Failure to pay account in full by the end of each contracted semester or session will result in the student’s account being referred to the University Collection Department to begin collection procedures. If satisfactory payment arrangements are not made with the University Collection Department, the account will be sent to an outside collection agency. The student will be responsible for paying additional collection agency fees of up to 33% of the unpaid balance.
f. Refund of unused room and board fees due to early check-out will be paid in the following order when applicable: a) Financial Aid refund; b) outstanding university debts; c) remaining portion to the student.

Refunds
All refunds referred to in the agreement will normally be submitted to the Business Office for payment within 60 days after
official termination of occupancy. Students withdrawing or terminating from the university during a semester or term will receive a refund of housing fees prorated on a calendar basis up to the semester midpoint (and in accordance with financial aid guidelines where applicable). Students withdrawing or terminating from the residence hall after mid semester point will not be eligible to receive a housing and board refund. (Refer to housing agreement for further information.)

Miscellaneous Housing Information

a. The university will make all residence hall and room assignments and reassignments as necessary. The university cannot guarantee assignment to a particular hall or a specific roommate. First priority of residence hall assignment is given to students who have resided in university housing the preceding long semester and contracted to return to the halls. Second priority of residence hall assignment is given to new applicants based on the date that the housing agreement, housing deposit and bacterial meningitis record are received in the University Housing and Residence Life Office. All applicants must be accepted to the university before a housing assignment can be made. In the event that hall reservations reach capacity, overflow students will be assigned to temporary assignments in other areas as long as space is available. Students will be reassigned as regular housing becomes available. Not placing a deposit or submitting incomplete agreement forms can also delay the assignment process.

b. All students are initially assigned a roommate at the beginning of the semester. Should a student’s roommate not check-in to the hall, that student will be requested to consolidate with another person.

c. Specific roommate requests are accommodated as possible. Students with roommate preferences must mutually request each other on the housing agreement, request the same hall and include their prospective roommate’s ID number. Both agreements must also be received by the May 1 priority deadline (for fall semester assignment). Not being admitted to the university, not placing a deposit or submitting incomplete forms can also delay assignment.

d. Due to space limitations, private rooms cannot be reserved in advance. Private rooms are assigned from a waiting list after the 12th class day if space is available. There is an additional charge for a private room. The university does reserve the right to place two people in a room that has been assigned as a private room if space is needed. A refund will be made to the person who has paid for a private room (prorated from date the private room is relinquished).

e. In signing a housing agreement, the student agrees to reside in that room for the time specified in the agreement. This agreement is personal and may not be transferred or assigned to another person. If the student fails to enroll at the university, advance notice of residence hall cancellation must be provided in writing. Under the terms of the housing agreement, moving from the residence hall without an authorized release from the agreement will not terminate the student’s fiscal obligations.

f. Residence halls and dining halls are closed between the fall and spring semesters and during university holidays. The residence hall calendar and the housing and food service contract show the specific times that the residence halls are open and when meals are served. During periods when classes are not in session, housing may be made available if the university determines there is sufficient demand. In such instances, additional rent may be required of each student desiring accommodations. The amount will be determined by the University Housing and Residence Life Office, and students will be consolidated into one hall.

Residence Hall Association
Composed of student representatives from each residence hall, the association represents the entire residence hall population. Its purpose is to provide effective lines of communication among the house councils and with the University Housing and Residence Life Office; to coordinate the programs, activities and government of the individual residence halls; to arbitrate any disputes pertaining to house council operating procedures; and to recommend policies affecting all residence halls. Each residence hall has its own house council.

A child care allowance is added for each dependent child under age 12. Dependent Care Verification Forms are available at the Office of Student Financial Aid.

Financial Obligations
Students are expected to pay all financial obligations to the university when due. Failure to meet such obligations will result in a student’s record being placed on a hold status and may result in the student not being able to take final examinations, receive official transcripts or enroll for another semester. Failure to make room and board payments on time may result in the loss of meal privileges and eviction from the university residence hall. In all cases, the student will be duly notified and given a reasonable length of time to clear the obligation before the enforcement of disciplinary action. If account is not paid when due, the institution has the right to forward past due accounts to a collection agency and referral to the State of Texas to be put on State Hold. The student will be responsible for any and all attorney’s fees and other costs necessary for the collection of any amounts not paid when due.

Students receiving university sponsored financial aid are expected to pay all financial obligations owed the university at the time they receive the financial aid. Students who are working on campus will have the opportunity to cash paychecks to pay financial obligations.

NOTE: Census day of the semester is the day that all tuition and mandatory fees must be paid in full. If all tuition and mandatory fees are not paid in full, a class or classes will be dropped for non-payment. The census day of the long semesters (fall and spring) is the 12th class day. The census day for the summer terms is the 4th class day. Census day is a drop day, if all tuition and mandatory fees are not paid in full.

Mandatory Tuition and Fees
Students who do not pay mandatory tuition and fees in full by established deadlines will be dropped from one or more classes, according to the unpaid balance due. Students who establish and make the required initial payment of the deferred payment plan will not be dropped.

Deferred Payment of Tuition and Fees
Students selecting the deferred payment plan may pay tuition and fees in three payments. There is a $30 administrative fee
for choosing the deferred payment plan. Students who select a deferred payment plan need to be absolutely sure of all the classes/expenses, as only one plan is allowed. They are subject to the following provisions:

a. Students receiving university sponsored financial aid equal to or greater than their tuition and fees must pay in one payment. All financial aid funds received after selection of deferred payment plan will be applied to account balance until paid in full.

b. A late payment penalty of $15 will be assessed for each deferred payment not made on or before the due date.

c. A student who fails to make full payment of tuition and fees, including any incidental fees, by the due date may be prohibited from registering for classes and receiving future financial aid until full payment is made. A student who fails to pay in full prior to the end of the semester may be denied credit for the work done that semester.

**Charge Card Privilege**

Students may pay tuition and fees, including room and board, with an American Express, MasterCard and Discover. Credit card payments may be made over the web using the Money/Connect PayPath service and are charged a 2% (or $3.00 minimum) convenience fee.

**Concurrent Enrollment at Another Public Institution of Higher Education**

Students must present to the Registrar on the day they register evidence of previous enrollment for the same semester, number of hours enrolled and receipt showing the total tuition and other registration fees paid at another public institution in order to be eligible for provisions of Senate Bill 250 "Tuition Limit in Cases of Concurrent Enrollment."

**Dual Enrollment**

(High School Students Enrolled at an Institution of Higher Education)

Students from contracted high schools dually enrolled at perspective high school and at Texas A&M-Kingsville are assessed at a reduced fee structure. This Dual Enrolled student fee table is available through the Office of Student Success.

**Returned Item Policy**

When a bank returns an unpaid item (i.e., check, credit card, money order), for any reason, which has been submitted to the university, the following procedure will apply:

1. The Business Office will mail a notification by certified mail within 3 business days to the individual who submitted the returned item to the university. This notice will indicate the amount of the item, the $25 returned item charge, and the reason the item was rejected by the student’s bank or credit card company. The individual is given 10 days from receipt of notification to clear the returned item using cash, cashier's check or money order. Only payment in full will be accepted. The university will not accept a personal check or a credit card in payment for a returned item. In the event the certified mail is unaccepted and returned to the university, the university will attempt to deliver the notification to the student through one of his/her classes. The university will also attempt to reach the individual by phone. The individual will be given 10 days from this contact to clear the item.

2. A registration and transcript hold will be placed on the individual's record. After an individual has two or more items returned to the university, checks will no longer be accepted as payment or cashed for that individual. If an individual stops payment on a check presented to the university, the university reserves the right to refuse acceptance of future checks for payment of university charges.

3. In those instances where a student fails to redeem a returned item and charge within the 10 day period, the university will initiate one or more of the following courses of action:

   a. If the item was given in payment of tuition and fees or is in excess of $100, the student may be withdrawn from all classes at the university. The Business Office will notify the Registrar's Office of the requested withdrawal. The Registrar's Office will withdraw the student as of that date and notify the student, all instructors and any other offices that may need to take action (i.e. International, Student Services, Dean of Students). The student will receive a refund only if the withdrawal occurs prior to or during the percentage refund dates for the semester. Any refund resulting from the withdrawal will be held to be applied toward the returned item. If the student is withdrawn after midpoint of the session, the grade entered on his/her transcript will be at the discretion of each instructor.

   b. Returned items for less than $100 may be referred to the Student Services Office for disciplinary action.
c. In those instances where the returned check and charge have not been redeemed after two notification attempts, the university may take the check to the district attorney (or county attorney) and file a complaint with that office. Any further action on the matter will follow the legal process as prescribed by the respective attorney's office.

Resident vs. Nonresident Student Status
All students attending A&M-Kingsville who are nonresidents of Texas will be charged additional tuition in accordance with state law. The responsibility of registering under the proper residence is placed upon the student. If there is any possible question of the right to legal residence in Texas under state law and university rules, the student must raise the question with the Office of Admission and have such question settled prior to registration. There can be no change of residence unless authorized by the Registrar. Students must pay the correct fee at the beginning of each semester or term for which they register. An attempt on the part of a nonresident to evade the nonresident fee may lead to expulsion from the university. Legal resident information forms to assist students in determining their proper legal status are available in the Registrar's Office.

Military Residence
Military persons stationed in Texas who wish to avail themselves or their dependents of military residence provisions of state law must submit during their first semester of enrollment in which they will be using the waiver program, a statement from an appropriately authorized officer in the service certifying that they (or a parent) will be assigned to duty in Texas on the census date of the term they plan to enroll, and that they are not in Texas only to attend training with Texas units. Such persons shall pay resident tuition so long as they reside continuously in Texas or remain continuously enrolled in the same degree or certificate program (enrollment in summer semester is not required to remain continuously enrolled).

**REFUND OF FEES**

The Higher Education Amendments of 1998 (HEA98) represent a major shift in the return of Title IV Federal Financial Aid when a student withdraws from the university. The policy governs all federal grant and loan programs (Pell, SEOG, Stafford Loans, Perkins and PLUS loans), but does not include the Federal Work-Study program.

In general, the law assumes that a student “earns” approved (verified) federal financial aid awards in proportion to the number of days in the term prior to the student’s complete withdrawal. If a student completely withdraws from school during a term, the school must calculate, according to a specific formula, the portion of the total scheduled financial assistance that the student has earned and is therefore entitled to retain, until the time that the student withdrew. If a student receives (or the university receives on the student’s behalf) more assistance than he/she earns, the unearned funds must be returned to the Department of Education or to the Federal Stafford or parent’s Federal PLUS loan lenders. If a student’s charges are less than the amount earned, and a refund is due, the student may be able to receive those additional funds. **Students who have not completed the verification process are ineligible to receive any financial aid.**

The portion of the federal grants and loans that the student is entitled to receive is calculated on a percentage basis by comparing the total number of days in the semester to the number of days that the student completed before he/she withdrew. The policy governs the earned and unearned portions of the student’s Federal Title IV Financial Aid only. It determines how much, if any, the student and/or the school may need to return. The university’s withdrawal policy will be used to determine the reduction, if any, in the student’s tuition and fee or room and board charges. **The student is responsible for paying any outstanding charges to the university.**

**Withdrawal Policy**

When a student withdraws from the university during the first twenty (20) days of classes during a long semester, six (6) days during a summer session and two (2) days during an intersession, the university will refund a portion of the tuition and fees charged to a student. The percentages refunded are as follows:

**Fall/Spring**
a. prior to the first class day -- 100%
b. during the 1st, 2nd, 3rd, 4th and 5th class days -- 80%
c. during the 6th, 7th, 8th, 9th and 10th class days -- 70%
d. during the 11th, 12th, 13th, 14th and 15th class days -- 50%
e. during the 16th, 17th, 18th, 19th and 20th class days -- 25%
f. after the 20th class days -- none

**Intersession**
a. prior to the first class day -- 100%
b. during the 1st class day -- 80%
c. during the 2nd class day -- 50%
d. after the 2nd class day -- none

**Summer Session**
a. prior to the first class day -- 100%
b. during the 1st, 2nd and 3rd class day -- 80%
c. during the 4th, 5th and 6th class day -- 50%
d. after the 6th class day -- none

The “first class day” is determined by the beginning of a semester, summer session or intersession. The “first class day” is not defined by individual courses. Please refer to the academic calendar for the first class day date.

The refund will be returned to the student only if the student did not receive financial aid assistance from either Title IV programs or state programs. In the cases where the student did receive assistance from these programs, the refund will be returned to the programs in the following order: Unsubsidized Loan, Subsidized Loan, Perkins Loan, PLUS Loan, Pell Grant, FSEOG Grant, TPEG Grant, RPEG Grant, NPEG Grant and Texas Grant.
The student’s official withdrawal date will be determined by the university as:
   a. the date the student began the university’s withdrawal process.
   b. the midpoint of the semester if the student withdraws without notifying the university.
   c. the student’s last day of attendance at an academically-related activity as documented by the university.

If the student receives less Federal Student Aid than the amount earned, the university will make a disbursement of the earned aid that was not received (Post-withdrawal disbursement.)

If it is determined that the university must return to the Title IV programs monies in excess of any tuition and fees or room and board, the student will be responsible for those monies.

Any grant funds that the student is required to return to the federal programs are considered an overpayment. The student must either repay the amount in full to the university within 45 days of notification of the overpayment or make satisfactory payment arrangements with the Department of Education Collections that the student owes an overpayment. At that point, until the student pays the amount in full to the Department of Education or makes repayment arrangements with the Department of Education, the student will lose his/her eligibility to receive future federal financial aid at any institution.

Upon Dropping a Course or Courses
A 100% refund difference of applicable tuition and fees collected will be made for courses from which students drop (not withdraw) within the first 12 days of a semester or within the first four days of a summer term. There will be no refunds for courses dropped after the first 12 days of a semester or after the first four days of a summer term.

Refund Policies
The following policies are used for refunds:
   a. Refunds are mailed or direct deposited according to published schedules from the Business Office. Refund checks will be mailed to the billing address provided by the student. Refunds may also be direct deposited to the student’s checking or savings account if requested through Money Connect – Refund Profile.
   b. Any financial obligations owed the university will be deducted from the refund before the balance is mailed to the student.
   c. A student who is required to withdraw because of failure in the work of a previous semester will receive a refund in accordance with the above schedule.
   d. Fees paid for correspondence and/or extension courses will not be refunded after the student receives the lesson outline in correspondence courses or after the first meeting of the extension center course.
   e. No refunds will be made on visitors’ fees.

More information may be viewed by following the Tuition and Fees Quicklink on the TAMU-K Homepage.

Tuition Rebates for Certain Undergraduates
The purpose of this program is to provide tuition rebates that will provide a financial incentive for students to prepare for university studies while completing their high school work, avail themselves of academic counseling, make early career decisions and complete their baccalaureate studies with as few courses outside the degree plan as possible. Minimizing the number of courses taken by students results in financial savings to students, parents and the state. To be eligible for rebates under this program, a student must: (1) have enrolled for the first time in an institution of higher education in the fall 1997 semester or later; (2) request a rebate for course work related to a first baccalaureate degree received from a general academic teaching institution, (3) have been a resident of Texas as set forth under Chapter 21, Subchapter B of this title (relating to Determining Residence Status) and have been entitled to pay resident tuition at all times while pursuing the degree, (4) if enrolled for the first time in fall 2005 or later, graduate within four calendar years for a four-year degree or within five calendar years for a five-year degree if the degree is in architecture, engineering or any other program determined by the Board to require more than four years to complete, and (5) have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the catalog under which they were graduated. Hours attempted include transfer credit, course credit earned exclusively by examination (except that, for the purposes of this program, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted), courses that are dropped after the official census date, optional internship and cooperative education courses and repeated courses. For students concurrently earning a baccalaureate degree and a Texas teaching certificate, required teacher education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program.
The rebate for eligible students is a maximum of $1,000. Eligibility requirements and application forms are available in the offices of the academic deans.
The Office of Student Financial Aid assists students in obtaining financial assistance through a variety of federal, state, institutional and private sources in order to supplement their own contribution to a college education. The financial gap between the cost of an education and monies available from the family can be complemented by grants, loans, scholarships and/or student employment. The office updates the types of aid available annually. Federal regulations require that a student must make satisfactory academic progress to continue receiving Title IV funds.

FINANCIAL AID AND SCHOLARSHIP APPLICATION DEADLINES

Time is a very critical part when applying for financial aid. The following institutional priority deadlines indicate the date financial aid applications must be completed to insure maximum grant eligibility:

Fall/Spring – March 31
Spring only - November 1
Summer Sessions – May 1

Steps in Applying for Financial Aid

Application Process
1. A student must be admitted into a degree-seeking program to be eligible for financial aid. An application for admission to Texas A&M University-Kingsville can be completed online at: https://www.applytexas.org.

2. Apply for a student and parent Federal PIN number online at http://www.pin.ed.gov/PINWebApp/pinindex.jsp. Your PIN will allow you to electronically sign your Free Application for Federal Student Aid (FAFSA) and access your application.

3. Complete the Free Application for Federal Student Aid (FAFSA). Students must list Texas A&M-Kingsville as one of the college/university choices in the FAFSA to be considered for financial aid at this university. Our School Code is 003639. Completion of the FAFSA requires certain financial information including the student's and/or parent's income tax return. Those who do not file a tax return must use proper income or benefit sources to complete it. These include child support and other untaxed income or benefits. It is recommended that the FAFSA be completed on the web at http://www.fafsa.ed.gov.

4. The Processing Center will return an acknowledgment to the student that a Student Aid Report (SAR) has been produced and is ready for review. This acknowledgment should be kept for personal records.

5. The Office of Student Financial Aid will retrieve an electronic version of the Student Aid Report. If a student is selected for verification, he/she will need to submit an Institutional Verification Form along with a copy of his/her and his/her parents’ U.S. Income Tax Return and W-2 forms, and any other documents used to complete the FAFSA.

Financial Aid Process
1. Once the application process is completed, the Office of Student Financial Aid Services will prepare a financial aid package to help meet the student’s financial need. The amount of the financial aid awarded is dependent on the student’s enrollment status. The aid award will be disbursed each semester.

2. The school will first use the aid to pay tuition and fee charges and room and board. Any remainder will be disbursed to the student either through direct deposit to the student’s bank account, (if the student has signed up for direct deposit) or, if not, a paper check will be mailed to the student.

3. Funds from grants and scholarships will be readily available, but loans require an additional application.
4. Work-study is awarded to those students who meet the priority deadline, but the individual student must find a position in order to receive the funds. Work-study funds are disbursed as they are earned.

5. It is the responsibility of the student to have other resources available should the financial assistance not cover the total educational expenses.

General Information
Applicants must be accepted for admission, pre-registered for classes and have all financial aid documents completed and on file before financial aid funds can be disbursed.

Students must reapply each year for financial aid and scholarships. Applicants must maintain satisfactory academic progress to be eligible for financial aid.

For more information, please contact the Office of Student Financial Aid Services at (361) 593-3911 or (361) 593-2875; Office of Student Financial Aid, MSC 115, Kingsville, Texas 78363, email: financial.aid@tamuk.edu; Webpage: http://www.tamuk.edu/finaid.

Satisfactory Academic Progress Policy

Academic Progress Standards
The various federal and state regulations governing student financial assistance programs require that an institution develop standards to measure students’ reasonable progress toward a degree objective. Satisfactory academic progress will be evaluated at the end of each academic term (fall, spring, and summer). This evaluation reviews all credit hours attempted at Texas A&M University-Kingsville, regardless of whether or not financial aid was received. The following qualitative and quantitative standards must be met to remain eligible for financial assistance at Texas A&M University-Kingsville.

Qualitative Measures of Academic Progress
The qualitative measure of academic progress is a grading scale of 0.00 to 4.00, based on students’ enrollment classification.

- Incoming freshmen, graduate students, or transfer students will be eligible to apply for financial assistance upon admission to the university during their initial term.
- Undergraduate and returning students who have previously attended the university must achieve a minimum cumulative grade point average of 2.00 to maintain eligibility for financial assistance. (Texas Grant recipients are required to have a 2.5 GPA at the conclusion of their second year.)
- Graduate students who have previously attended the university must achieve a minimum cumulative grade point average of 3.00 to maintain eligibility for financial assistance.
- Doctoral students who have previously attended the university must maintain a cumulative grade point average of 3.00 to be eligible for financial assistance.

Quantitative Measures of Academic Progress
In addition to maintaining a minimum grade point average, students must demonstrate acceptable progress toward a degree or certificate objective in order to remain eligible for financial assistance. Students cannot receive financial aid beyond a specified total of attempted credit hours, and they must pass a certain percentage of the credit hours for which they enroll. These requirements are summarized as total credit hours and ratio of earned hours to attempted hours on the chart below.

B Second Baccalaureate – additional review required  
C Second Graduate – additional review required

Hours earned do not include grades of F (failed), I (incomplete), U (unsatisfactory), Q (withdrawal) or QI (withdrawal identified for Senate Bill 1231). Courses that have been repeated will be counted for each enrollment as hours attempted and will be counted as hours passed if a grade other than F, I, U, Q or QI is received. Remedial course credits will also be used to determine a student’s enrollment status for financial aid eligibility.

**Student Academic Progress (SAP) Warning**  
After one semester of not meeting the SAP standards students will be issued a warning and will be permitted to receive financial aid for the next semester. However, after the one semester of warning, students who fail to meet any one or a combination of the SAP measures will be ineligible for financial assistance. Students may appeal this suspension if there are extenuating circumstances contributing to the lack of academic progress.

**Financial Aid Appeals**  
Students who are denied financial assistance may appeal the decision.

**Appeal Procedure**  
If mitigating/extenuating circumstances exist, a student may initiate an appeal through the Office of Student Financial Aid. Examples of possible mitigating circumstances are medical problems or serious illness, illness or death of a family member, change of majors, change of grade or other similar situation. The Appeal Form can be obtained at the Office of Student Financial Aid Services or online at [http://www.tamuk.edu/finaid/onlineforms.asp](http://www.tamuk.edu/finaid/onlineforms.asp). Copies of all supporting documentation should be attached to this form. To ensure proper identification of the student’s documents, please include the K Number on all pages. Failure to provide the required documentation will result in the denial of the student’s appeal. All information will become a part of the student’s confidential financial aid record and cannot be returned. The student will receive notification from the Financial Aid Office in two to four weeks regarding the status of the appeal. Appeals submitted after the first day of class each semester may require additional time for review and a response.

**Approval of Appeal**  
Upon approval of the appeal, the student must meet with their financial aid officer to develop an Academic Plan to receive financial assistance for the term of their approval. Failure to adhere to the conditions of the Academic Plan will result in the cancellation of all future financial assistance. No future appeals will be accepted.

**Denial of Appeal**  
If the appeal is denied, the student will be ineligible for future until they have met the minimum standards of Satisfactory Academic Progress. No future appeals will be accepted.
Monitoring of Academic Plan
Academic Plans are reviewed at least once per academic term. Failure to adhere to the conditions of the Academic Plan will result in the denial or cancellation of all future aid until the student has met the minimum standards of Satisfactory Academic Progress.

SCHOLARSHIPS

Scholarships are categorized as either need or non-need (merit) awards. The Office of Student Financial Aid awards scholarships after evaluating academic records, scholastic promise and financial need. The Office of Student Financial Aid awards non-need-based scholarships based on merit and potential without regard to financial need. Most departmental scholarships are not automatically renewed, and students must apply each year for continued consideration. Visit http://www.tamuk.edu and click on SCHOLARSHIPS to find the Javelina Online Scholarship applications. The Financial Aid Office may need to adjust a student’s award package to allow scholarships to fit within the student’s Cost of Education (COE) budget.

GRANTS

Various grant programs are funded by the federal and state governments, the university or a combination of these agencies. Grants DO NOT have to be repaid. General requirements for grant programs stipulate that the student must be in good standing (a 2.0 overall grade point average), must be maintaining academic satisfactory progress, must not be in default on any loan made from a student loan fund at any institution and must not owe a refund on any grant previously received.

Federal Pell Grant: The Pell Grant is a federal program designed to provide financial assistance to undergraduate students who demonstrate financial need. The amount of the grant is based on the computed expected family contribution, the level of funding and the cost of education. Students enrolled for less than full-time will receive a reduced grant award. Pell Grant eligibility is limited to undergraduate students. Eligibility must be re-established each year by completing the FAFSA.

Federal Supplemental Educational Opportunity Grant (FSEOG): FSEOG provides grants to students who demonstrate the greatest financial need. Eligible students must be citizens or permanent residents of the U.S. who are accepted for admission or are enrolled at least half-time as undergraduate students.
Aid for Dependent Children (AFDC-TANF) Grant: Exemption program provides an exemption from the payment of tuition and fees for up to one year for eligible college students.

Texas Excellence Access and Success (TXTEXAS) Grant Program: This program was established to provide need-based grants to eligible persons to enable them to attend an institution of higher education. Students who have completed the recommended or distinguished high school curriculum may be eligible for this program. More information is available at http://www.collegefortexans.com.

LOANS

General Requirements
The Office of Student Financial Aid administers a number of loan programs for students whose needs cannot be fulfilled in any other manner. The university participates in several low-interest, long-term loans sponsored by the federal and state governments. Applicants for all loans must complete the Free Application for Federal Student Aid (FAFSA) as part of the application process. Instructions for completing and submitting the FAFSA are included with the form. The loans are administered in adherence with accepted business practices in an effort to provide borrowers with an educational experience in personal finances as well as to ensure the continuance of existing loan funds through prompt repayment. Loan funds administered by the university vary somewhat in qualifications required, amounts that may be borrowed and terms of repayment. Specific details concerning each loan fund, including the rights and responsibilities of a borrower and the repayment schedule, may be obtained from the Office of Student Financial Aid.

The personnel in the Office of Student Financial Aid are available as financial advisers to all students whether or not they are qualified to borrow from one of the university's student loan funds. Through interviews and realistic examination of expenses and income, students often discover that borrowing is only one of the possible solutions to financial problems.

General requirements stipulate that the student must be accepted for enrollment or, if a continuing student, must be maintaining satisfactory academic progress, must not be in default on any loan made from a student loan fund at any institution, must not owe a refund on any grant previously received and must attend a Loan Entrance Counseling session before receiving the first disbursement and must attend a Loan Exit Counseling session whenever the student’s enrollment status falls below half-time, the student withdraws or graduates from the university. Loan funds will not be disbursed until a student is registered for at least half-time status. Late registration will result in delayed financial aid disbursement.

Federal Direct Student Loan Program (Subsidized/Unsubsidized)
The Federal Direct Loan is designed to assist students who are maintaining Satisfactory Academic Progress toward a degree.

There are two types of Student Loans: Subsidized and Unsubsidized. Subsidized loans are when the government pays the interest during the time in which the student is attending school. Unsubsidized loans are when the student is responsible for paying the interest for the duration of his or her college career. The student also has the option to have the interest capitalized or added on to the total amount of the loan. Federal Direct Loans are a major form of self-help aid. The payments on the Federal Direct loans must be started six months after you graduate, leave school or drop below half-time enrollment. The interest rate is 6.8%.

### Federal PLUS Program for Parent Borrowers

A Federal PLUS (Parent loan for undergraduate dependent students) is a low interest rate loan for parent borrowers to assist them in paying for a dependent student’s education. The amount a parent may borrow will be determined by the Office of Student Financial Aid. The loan may not exceed the student’s cost of education minus other financial aid awarded. The interest rate on a Federal PLUS loan is fixed at 7.9%. As with the Unsubsidized Stafford loan, there are no interest benefits paid by the federal government. The parent borrower must begin paying the interest accrued immediately upon the first disbursement of the PLUS loan. Repayment of the principal begins immediately after the loan has been fully disbursed. A parent borrower may have up to ten years to repay the loan.

### Texas B-On-Time Loan Program

The Texas B-On-Time Loan Program was established by the 78th Texas Legislature. The purpose of this state-funded program is to provide non-need based, non-interest bearing loans to eligible Texas students to attend colleges/universities in Texas. More information is available at: [http://www.hhloans.com/](http://www.hhloans.com/).

### STUDENT EMPLOYMENT

For students who want to supplement their educational resources through part-time employment, two types of services are offered. The Federal/State College Work-Study Program is for those students who qualify for financial aid. The Part-Time program is for students who do not qualify or who do not apply for financial aid. Both of these programs are administered through the Office of Student Financial Aid.

### Federal/State College Work-Study Program

Texas A&M-Kingsville receives allocations from the federal government and the State of Texas to provide employment opportunities on campus. Students who request work study on their FAFSA and meet the established deadlines are given priority to receive the award. Texas A&M-Kingsville recommends that students secure a job which complements and reinforces their educational program and vocational goals. Students who are enrolled for at least half-time status, are citizens
or permanent residents of the United States, have demonstrated financial need, are maintaining satisfactory progress, are not in default on any student loan made through or approved by an institution and who do not owe a refund on any grant previously received are eligible. Students must have been awarded and accepted the Work-Study award before being referred for an interview. Acceptance of the Work-Study award is not a promise of a job; it establishes eligibility. When the terms begin and during the school year, jobs are posted on the bulletin board across from the Office of Student Financial Aid. Students who have established eligibility and meet the job requirements (if any) can request to be referred for an interview. Continuation in the job depends on funds available and the student’s job performance. Previous employment does not guarantee continued employment.

**Part-Time Student Employment**
The university offers part-time employment to a number of students in various offices and departments. Student employment on a part-time basis by the university is limited to 19 hours per week.
OTHER UNIVERSITY SUPPORT SYSTEMS

A university consists of more than classrooms. In addition to teaching, faculty are engaged in research, publication, professional growth and development activities, university service and advisement. Students grow through participation in the extracurricular activities the university sponsors. The following sections offer some indication of campus life at Texas A&M University-Kingsville. More detail can be found in the Student Handbook and the Faculty Handbook.

This survey omits a number of very important components of the university whose work, nevertheless, contributes to campus comfort and the smooth functioning of university operations including such divisions as accounting, bursar, development, facility management, human resources, payroll, physical plant, procurement and general services, among others.

CAMPUS GOVERNING BODIES
The Student Government Association is the highest governing body for students at Texas A&M University-Kingsville. It makes recommendations to the university administration for improving student life. The student government is composed of the executive, legislative and judicial branches. The student body elects the President, Vice-President and the Senators during a general student election held each spring. The Dean of Students or his/her designee oversees the SGA.

The Faculty Senate, established by the Constitution of the General Faculty, is a body of faculty members elected from the undergraduate colleges and the library. The Faculty Senate is an advisory body to the President regarding educational policies and noncurriculum matters of the university.

In 1990, the Staff Council was created to address the various specific concerns of five groups of personnel: secretarial-clerical, nonfaculty professional, technical, crafts and services. Consisting of 24 members elected for two-year terms, the council provides a means for this important group of campus employees to voice those concerns to the administration.

EXTRACURRICULAR ACTIVITIES
Although the focus of the university is intellectual, it also fosters the broad mental, physical and spiritual well-being of the campus community. To this end, a variety of non-academic programs are offered to enhance student learning and personal development.

ACADEMIC REGULATIONS

George W. Weir, Registrar
Memorial Student Union 117. MSC 105. Extension 2811.

TEXAS SUCCESS INITIATIVE (TSI)
The Texas Success Initiative (TSI) requires students to be assessed in reading, writing and mathematical skills before enrolling in a Texas public college or university. Texas Education Code, section 51.3062, provides institutions of higher education a means of determining students’ readiness to enroll in freshman-level course work. Students are required to complete one of four assessment tests before enrolling in course work at Texas A&M University-Kingsville unless they meet one of the TSI exemptions explained under “Admission to the University” (TEXAS SUCCESS INITIATIVE (TSI)).

ACADEMIC ADVISEMENT
Texas A&M University-Kingsville places very strong emphasis on developing a one-to-one individual academic advisory relationship between each student and an adviser. This relationship is essential when a student participates in the registration process.

Academic colleges and their departments have specific academic advising procedures, requirements and schedules for students’ degree plans and for procedures to register for classes. A student’s adviser is normally in the department offering the field in which the student is majoring. The Office of the Registrar will assist a student who needs help in locating an appropriate academic adviser.

A student who remains unsure of a major would profit by discussing this with an academic adviser or by going to the university counseling center or the Career Services Center to receive career counseling and testing or other appropriate referral. Some vocational aptitude tests and tests designed to help a student select a major are available.

Timely Completion of Developmental Education Course Work
Timely completion of required developmental education courses will improve the likelihood of student success. Therefore,

1. new freshmen at Texas A&M-Kingsville (defined as having completed 0-30 semester hours prior to their first full-time enrollment) must complete all developmental education requirements within their first 45 completed hours on our campus;

2. transfer students arriving at the sophomore level or above (defined as having completed 31 or more semester credit hours) must complete all developmental education requirements within their first 30 hours of enrollment on our campus.

Failure to achieve the freshmen or transfer student standard will result in the student being placed on scholastic probation, regardless of grade point average. At this point, the student will have one semester to achieve Texas Success Initiative (TSI) compliance.

Continued failure in achieving TSI compliance as described above will result in the student being placed on enforced withdrawal (or its equivalent), regardless of grade point average. The students may return to the university after completing required developmental education elsewhere or the student may request approval for readmission from the Associate Vice President for Student Success.

Degree Plan
A student's course of study is drawn up in consultation with the appropriate adviser and must be approved by the chair of the department and the dean of the college involved. Final degree plans must be approved by the dean of the college in which the major is taken. All undergraduate degrees must conform to "General Requirements for Graduation" set forth in the next section of the catalog. DegreeWorks is an automated system available online to assist a student in planning and monitoring progress towards degree completion. Information concerning the system is available in the Office of the Registrar or on the university’s website.

A degree plan must be completed by the student no later than the end of the second regular semester after the student earns 45 or more successfully completed credit hours of course work. This applies to students who enter the university with 45 or more credit hours as well. The degree plan will be recorded in DegreeWorks and approved by the college.
Course Listings
The term "course" means a definite unit of work in a subject. Courses are offered on a semester basis. University course offerings are listed in this catalog by college and by department or program within that college according to the following method:

Letter Code: A four letter code at the beginning identifies the department or program that offers the course. A list of these letter codes is provided just after the index to the catalog.

Number Code: The four digit code distinguishes each course in that department or program and identifies the level at which it is offered. The first and second digits in the course number hold specific meanings. The first digit indicates the course level (1000 freshman; 2000 sophomore; 3000 junior; 4000 senior; 5000 graduate; 6000 doctoral) and the second digit indicates semester credit hours for the course. Courses numbered at the 1000 and 2000 level are lower division courses that are normally introductory in nature. Upper division courses numbered 3000 and 4000 are advanced undergraduate courses that normally require junior or senior standing and/or the completion of a preceding course or courses. Courses numbered 5000 and 6000 are open only to students with graduate standing. The letter following the number code means as indicated: L – the course is a laboratory; R – the course is a recitation.

Title: The identification code is followed by the course title. The identification code and a shortened form of the course title are used to list courses in the Class Schedule bulletin published each semester for registration purposes and on a student's permanent transcript.

Two-Year College Equivalency: Courses commonly taught at two year colleges in the State of Texas are identified immediately following the title of the equivalent course by a four-letter, four-number code in parentheses. When such an entry appears, the university accepts those courses as the equivalent. No work taken at a two year college can be transferred as an upper division course.

Credit Hours: The final information given on a course listing's entry line indicates the semester credit hours of the course. When the letter V appears, the course is offered for variable credit, to be determined at the time of registration. The two digits in parentheses following the semester credit hours are the number of hours of lecture and the number of hours of laboratory required each week respectively. When a course includes a recitation, three digits appear in parentheses following the semester credit hours indicating the number of hours of lecture, the number of hours of laboratory and the number hours of recitation required each week respectively.

Course Description and Special Conditions: Below the entry line is a brief description of the course and a notice of any special restrictions for registration in the course.

REGISTRATION
The university has a computer-assisted registration system. It is designed to provide individual academic advising between faculty or academic adviser and student. This gives students an opportunity to review their academic programs and select the specific sections of the courses desired for the next semester. For specific dates and information on registration, the student should consult the university website.

Priority Registration
Currently registered students will register for classes according to a priority registration schedule. The schedule will provide the time and date for registration as well as the advising week. The schedule will be posted on the university website with information about the rules governing the process. New freshmen and transfer students will register during their university orientation session.

Web Registration
The university has a computer-assisted registration system which allows students to register over the web. Web registration is available for eligible students only and requires academic advising prior to registration. Specific registration dates, instructions and information are provided on the university website.

Normal Load
The normal load for a semester is usually one-eighth of the total number of credit hours required for the degree toward which the student is working. That load is normally 15-18 hours per fall and spring semesters. The normal load for a summer session is two courses (6-7 semester hours).
A full-time student, defined as one carrying a minimum of 12 semester hours, is expected to register each semester for a normal load of work. A student registered for fewer than 12 semester hours is considered a part-time student. Only hours for which a student is currently enrolled at Texas A&M University-Kingsville can be used toward certification of enrollment.

A freshman may not register for more than the normal load during the first semester. Any succeeding semester or term, a student may register for more than the normal load (an "overload") only on the approval of the respective college dean. If a student is concurrently enrolled at other institutions of higher education in the same semester, the total course load at all institutions is to be considered in applying these policies. It is the responsibility of the student to inform his/her dean of any concurrent enrollments. The maximum load for a student registered for any work for graduate credit is 15 hours a semester.

Prerequisites
No student shall be allowed any credits for a course before credit in its prerequisite is obtained, except on the written approval of the chair of the department offering the course and the dean of the college in which the student is majoring.

All students must have successfully completed ENGL 1301 and ENGL 1302 during their first 75 semester hours of credit. No additional 3000- or 4000-level courses may be taken or transferred in until this requirement is met.

Schedule Changes
Adding a Course
A course may be added by a student using the online registration system without approval of university officials, as long as departmental approval is not required. (See regulation for “Normal Load.”) It is highly recommended that a student consult with his/her academic adviser before attempting to add a course. After the online registration system is closed, written permission is required from the academic adviser and professor (of the course being added) to add the course. These requests must be processed by the Office of the Registrar. The student may only add classes during the time specified in the official academic calendar.

Dropping a Course
A course may be dropped by a student without approval from his/her academic adviser or other university official. However, athletes must have approval from the athletic adviser and one other athletic administrator to insure eligibility requirements. Developmental courses can only be dropped with the approval of the Associate Vice President for Student Success or his/her representative. It is highly recommended that a student consult his/her academic adviser because of the impact on financial aid, graduation, etc. After the online registration system is closed, all drops must be processed by the Office of the Registrar.

A student who, by dropping a course, becomes registered for less than a normal load will be reclassified as a part-time student.

Refer to the Refund of Fees section of the catalog to determine if a refund of tuition and fees will be authorized.

Senate Bill 1231(Texas Education Code Section 51.907) and the University’s Drop Policy for Undergraduate Students
Senate Bill 1231, passed during the 80th Texas Legislative Session, limits the number of drops that certain undergraduate students may accrue without a punitive grade. Undergraduate students who completed a high school or equivalent program and enrolled in an institution of higher education prior to the Fall Semester of 2007 are exempt from the requirements of Senate Bill 1231. Undergraduate students who complete a high school program, or the equivalent, and enter a Texas public institution of higher education for the first time on or after the Fall Semester of 2007 are subject to the requirements of Senate Bill 1231.

Drop Policy for Graduate and Undergraduate Students Exempt from Senate Bill 1231
A student exempt from Senate Bill 1231 may drop a course with an automatic grade of Q if the drop is processed on or before the date to receive an automatic grade of Q (approximately the 10th week of the semester or the 60% point of the summer session) as indicated on the official university calendar, regardless of the student’s academic performance in the course at the time of the drop. The grade of Q is a non-punitive grade that will not affect the student’s grade point average.

A student may also drop a course with a grade of Q after the above date if the student is passing at the time the drop is processed. A student who is not passing after the above date and drops a course will receive a grade of F.

Drop Policy for Undergraduate Students Subject to Senate Bill 1231
Beginning with the 2007-2008 Academic Year, undergraduate students subject to Senate Bill 1231 will be permitted only six (6) non-punitive drops during their undergraduate studies. Non-punitive grades included in the maximum number of drops
will be identified on the transcript with a grade of \textit{QI}. Once a student has accumulated 6 (six) \textit{QI} grades, the only grade that may be awarded for a dropped course is a grade of \textit{QF} (which is an \textit{F} for GPA purposes), regardless of the student’s academic standing in the class. Drops processed while withdrawing from the university will not be included in the maximum number of non-punitive drops.

A student may also drop a course with a grade of \textit{QI} after the date to receive an automatic grade of \textit{Q} if the student is passing at the time the drop is processed. A student who drops a course after the date to receive an automatic grade of \textit{Q} and is not passing will receive a grade of \textit{QF}.

\textbf{Drops Policy for Course with Concurrent or Corequisite Enrollment Requirements for Undergraduate Students Subject to Senate Bill 1231}

In determining the number of non-punitive course drops by a student subject to Senate Bill 1231 when concurrent or corequisite courses are involved, the following regulations will apply. (Concurrent and corequisite courses are courses with different course numbers such has a lecture course with its own course number and a lab course with a different course number that must be taken at the same time.)

1. If the student is required to drop both courses when dropping either course, then both course drops will be calculated as one drop*.

2. If the student is not required to drop both courses at the same time, then each course will be treated as a separate drop*.

*Each drop will be subject to the maximum number of non-punitive drops allowable under Senate Bill 1231.

\textbf{Exceptions to the Maximum Number of Non-Punitive Drops for Undergraduates Subject to Senate Bill 1231}

A non-exempt student may drop a course with a non-punitive grade that is not included in the maximum number of non-punitive drops if extenuating circumstances are involved. In such cases, a grade of \textit{QE} will be posted as the student’s official grade for the course. A grade of \textit{QE} may only be awarded if one or more of the following circumstances are involved and the drop is approved by the appropriate college dean.

1. The student has a severe illness or other debilitating condition that affects the student’s ability to satisfactorily complete the course.

2. The student is responsible for the care of a sick, injured or needy person that affects the student’s ability to satisfactorily complete the course.

3. The student has suffered the death of a person who is considered to be a member of the student’s family or person who is otherwise considered to have a sufficiently close relationship to the student* that the person’s death is considered to be a showing of good cause for dropping the course.

4. The student is a member or dependent of a member of the Texas National Guard or the armed forces of the United States and the active military service is considered to be a showing of good cause for dropping the course.

5. The student has a change of work schedule that is beyond the control of the student and the change affects the student’s ability to complete the course.

6. The student has other extenuating circumstances that prevent the completion of the course and the circumstances are approved by the dean of the college.

*A “member of the student’s family” is defined to be the student’s father, mother, brother, sister, grandmother, grandfather, aunt, uncle, nephew, niece, first cousin, step-parent, or step-sibling; a “person who is otherwise considered to have a sufficiently close relationship to the student” is defined to include any other relative within the third degree of consanguinity, plus close friends, including but not limited to roommates, house mates, classmates, or other persons identified by the student for approval by the institution, on a case-by-case basis.

\textbf{Appeals to the Maximum Number of Non-Punitive Drops for Undergraduates Subject to Senate Bill 1231}

A student who wishes to request an exemption to the maximum number of non-punitive drops must submit a letter of appeal with appropriate documentation to the dean of the college within five (5) business days of the drop. If the student cannot provide the supporting documentation within five business days of the drop, the student must request an extension with the dean of the college within five business days of the drop.
Developmental Courses and the 6-Drop Policy

Developmental courses are exempt from the 6-drop policy. A student may drop a developmental course with the approval of the Associate Vice President for Student Success or his/her representative. If the course is dropped on or before the date to receive an automatic grade of Q the student will receive grade of Q, regardless of the student’s academic performance in the course at the time of the drop. The grade of Q is a non-punitive grade that will not affect the student’s grade point average.

A student may also drop a developmental course with a grade of Q after the date to receive an automatic grade of Q, if the student is passing at the time the drop is processed. A student who drops a course after the date to receive an automatic grade of Q and is not passing will receive a grade of QF.

Administrative Drops for Non-Attendance

A faculty member may drop an undergraduate student for non-attendance through the last day to drop a course with an automatic Q (see the academic calendar for exact date) in a long or summer semester. A drop processed by a faculty member for non-attendance will be treated as a non-punitive grade unless the undergraduate student is subject to the requirements of Senate Bill 1231. The Office of the Registrar will treat all drops processed by a faculty member in accordance with the requirements of Senate Bill 1231 and may change a grade of Q to a grade of QI or a QF, depending on the student’s status.

If a student is dropped from the only course for which enrolled, the student must follow the process for withdrawing from the university as stated below.

Withdrawal from the University

If a student finds it necessary to withdraw from the university, the student must notify the Office of the Registrar in person and process a written withdrawal form. A student exempt from Senate Bill 1231 who is withdrawing (dropping all active courses) from the university prior to the automatic Q date (see that academic calendar for exact date) of the semester/term will receive an automatic grade of Q in each course being dropped at the time of the withdrawal. In the case of a student subject to Senate Bill 1231, a grade of QE will be awarded in each course. If the student is not passing a course at the time of the withdrawal, a grade of F or QF could be awarded. (Also see regulations entitled "Refund of Fees.")

Withdrawal of Students Ordered to Military Active Duty

If a current student is called to active duty, and the duty will exceed 25% of the total number of class meetings or contact hour equivalents, the student has several options for courses in which he/she is enrolled. The student must provide a copy of military orders to receive one of the following: 1) full refund of tuition and fees paid by the student for the semester in which the student withdraws; 2) with instructor approval, incomplete grade(s) for the semester in which the student withdraws; or 3) with instructor approval, assignment of an appropriate final grade(s) or credit(s). Upon the student’s request, pre-registered classes will be dropped. If the student returns prior to the beginning of a semester he/she will be reinstated into this institution.

If a current student, including one enrolled in distance education, self-paced and other asynchronous courses, is called to active military service for a period of time not to exceed 25% of the total number of class meetings or contact hour equivalents, and chooses not to withdraw from the university, the student shall be excused from attending classes or engaging in other required activities, including examinations, during that period of time. The student shall be allowed to complete (an) assignment(s) or take (an) examination(s) within a reasonable time after the absence. The student’s course work previously completed will be retained and the student will be able to complete the course without prejudice and under the same course requirements that were in effect when the student enrolled in the course. If the course requirements are not completed by the end of the semester in which the student is called to active military service, the grade of I will be awarded. Normal academic regulations relating to grades of I will apply, as well as normal grade dispute resolution processes, in the event of such disputes.

Excess Undergraduate Credit Hours (45 Hour Rule vs 30 Hour Rule)

Affected Students

Effective with students initially enrolled in the fall 1999 semester and subsequent terms, hours attempted by a resident undergraduate student that exceed more than 45 hours of the number of hours required for completion of the degree plan in which the student is enrolled, students attending Texas A&M University-Kingsville will be assessed $100 per credit hour for repeated and/or excessive hours.
Effective with students initially enrolling in the fall 2006 semester and subsequent terms, hours attempted by a resident undergraduate student that exceed more than 30 hours of the number of hours required for completion of the degree program in which the student is enrolled, students attending Texas A&M University-Kingsville will be assessed $100 per credit hour for repeated and/or excessive hours.

For the purpose of excess hours, resident undergraduate student includes a nonresident student who is permitted to pay resident tuition.

**Limitation on Formula Funding for the 45-Hour Rule**

Funding of excess undergraduate semester credit hours is limited as follows:

(a) Institutions may not submit for formula funding semester credit hours attempted by an undergraduate student who has previously attempted 45 or more semester credit hours beyond the minimum number of hours required for completion of the baccalaureate degree program in which the student is enrolled.

(b) An undergraduate student at a four-year institution who is not enrolled in a degree program is considered to be enrolled in a degree program requiring a minimum of 120 semester credit hours.

(c) Students who enroll on a temporary basis in a Texas public institution of higher education, and are not seeking a degree or Level-Two certificate, and are also enrolled in a private or independent institution of higher education or an out-of-state institution of higher education are considered to be enrolled in a degree program requiring a minimum of 120 semester credit hours.

(d) For the purposes of the undergraduate limit, an undergraduate student who has entered into a master’s or professional degree program without first completing an undergraduate degree is considered to no longer be an undergraduate student after having completed the equivalent of a bachelor’s degree or all of the course work normally taken during the first four years of undergraduate course work in the student’s degree program.

(e) The following types of semester credit hours are exempt and do not count toward the limit:

1. semester credit hours earned by the student before receiving a baccalaureate degree that has been previously awarded to the student;
2. semester credit hours earned through examination or similar method without registering for a course;
3. semester credit hours from remedial and developmental courses, technical courses, workforce education courses or other courses that would not generate academic credit that could be applied to a baccalaureate degree and is within the 18-hour limit at the institution;
4. semester credit hours earned by the student at a private institution or an out-of-state institution; and
5. any semester credit hours not eligible for formula funding.

*Limitation on formula funding for the 30-hour rule -- same as the 45-hour rule.*

An institution of higher education may charge a higher tuition rate, not to exceed the rate charged to nonresident undergraduate students, to an undergraduate student whose hours can no longer be submitted for formula funding because of the funding limit defined in section (a) above.

**Concurrent Enrollment**

Credits earned by a student at another institution while also enrolled at A&M-Kingsville will be transferred to A&M-Kingsville only if the student has received prior written approval from the college dean. Prior approval will be granted consistent with the university's normal load regulations.

**Visiting a Course (Auditing a Course)**

Any person may request permission of the Office of the Provost and Vice President for Academic Affairs to visit a course. Individual instruction courses are not open to visitors. Visitors do not have the privilege of submitting papers, taking part in class discussions or participating in laboratory or field work. Visitors pay fees according to the published credit hour fee schedule, except that no additional fee will be required of a full-time student. A visitor's name will not be entered on the class rolls or permanent records. The notice of approval of a request to visit a course, properly receipted after fees are paid, will serve as a permit to attend a class.

**Course Attendance by Senior Citizens**

A senior citizen (age 65 or older) may visit courses offered by this university without payment of a fee if space is available. Laboratory courses or individual instruction courses cannot be opened to visitors. Visitors do not have the privilege of submitting papers, taking part in class discussions or participating in laboratories or field work. The names of visitors will not be entered on the class rolls or permanent records. The visiting of courses by senior citizens will be subject to restrictions as may be determined by the chief administrative officer or designated representative on campus.
CLASS POLICIES
A student has the right to expect competent, well-organized instruction for the full number of clock hours allotted for a course; to sufficient written assignments, graded fairly and with reasonable promptness to show the student's academic standing in the course at least before midsemester; to have ample opportunity to confer with the instructor at published office hours and to review graded written work; to freedom from ridicule, discrimination, harassment or accusations in the presence of other students or faculty members; and to an avenue for appealing to higher academic authority in case of alleged unfairness by an instructor.

Cheating and Plagiarism
Students are expected to do their own course work. Simple cases of first offense cheating or plagiarism by an individual student may be handled by the instructor after consultation with the department chair. When the evidence is indisputable, the usual penalty is a grade of F on the particular paper or in the course. The student is usually confronted with the evidence in private and advised of the penalty to be assessed. The evidence will be retained for at least one full year.

For more serious cases, such as those involving repeated offenses, conspiracy with other students or the theft and selling of examination questions, a report should be made by the instructor via the department chair and dean of the college to the Provost and Vice President for Academic Affairs for disciplinary action. Expulsion from the university is a normal penalty for such offenses.

Class Attendance
A vital part of every student's education is regular attendance of class meetings. Every faculty member is encouraged to keep a current attendance record on all students. Any absences tend to lower the quality of a student's work in a course, and frequent or persistent absences may preclude a passing grade or cause a student to be dropped from one or more courses upon the request of a faculty member to the Registrar’s Office through appropriate channels. Courses will be officially dropped on the day the request is received by the Registrar’s Office.

Absences for Religious Holy Days
The university will allow students who are absent from classes for the observance of a religious holy day to take an examination or complete an assignment scheduled for that day within a reasonable time before or after the absence. The student should notify each faculty member of this proposed absence as early in the semester as possible. The instructor may appropriately respond if a student fails to complete the assignment or examination within a reasonable time after the absence.

"Dead Week and Study Day"
To support the learning environment, the university will adhere to a four school day period of student study before the first scheduled final examinations each term. During this time, no required quizzes, tests or examinations (except for make-up tests and/or final examinations for graduating seniors) shall be administered. The latter does not preclude the introduction of new material in class or the administering of laboratory final examinations, nor does it create any implication that class attendance is not expected during this period. The day before final examinations are scheduled to begin will be designated as a study day. No classes will be held on this day to allow preparation time for students and faculty. Scheduling of other university events or functions that involve students is discouraged and should be limited during this period.

Research on Human Subjects
Research that involves human subjects must be approved by the Institutional Review Board for the Protection of Human Subjects.
GRADES
Grades, with numerical values corresponding to these letters, are recorded as follows:

A    Excellent, 90-100.
B    Good, 80-89.
C    Average, 70-79.
D    Passing, 60-69.
F    Failure, below 60.
CR/NC  Credit/Non-credit: used for courses that do not meet the normal or traditional framework of course scheduling and do not lend themselves to letter grading.
I    Incomplete: given to a student who is passing but has not completed a term paper, examination or other required work. The instructor and the student are required to complete the standard university contract form for each course in which the temporary grade of I has been assigned. A copy of the contract must be submitted to the Registrar’s Office by the instructor no later than the date grades are due. The grade of I will be used only to allow a student who has encountered some emergency such as illness or an accident an opportunity to complete the requirements for a course. A grade of I reverts to a grade of F one year from the close of semester/term in which the grade was originally recorded if the course requirements have not been satisfied.
Q    Dropped: given when a student has officially dropped or withdrawn from the university before or on the date indicated on the official university calendar for an automatic Q, regardless of student’s standing in class. Also given to a student who is passing at the time the official drop is processed. (A student who is not passing could receive the grade of F under such circumstances.)
QE   Dropped: given when a student impacted by SB1231 has officially dropped a course and extenuating circumstances are involved (refer to “Exceptions to the Maximum Number of Non-Punitive Drops for Undergraduates Subject to Senate Bill 1231.” Also applies to students impacted by SB1231 who officially withdraw from the university.
QF   Dropped: given when a student impacted by SB1231 has officially dropped a course after the date indicated on the official university calendar for an automatic Q that is not passing or has accumulated six (6) QI grades regardless of the student’s academic standing in the class.
QI   Dropped: given when a student impacted by SB1231 has officially dropped a course before or on the date indicated on the official university calendar for an automatic Q as indicated on the official university calendar, regardless of student's standing in class. Students are allowed a total of six (6) drops during their entire undergraduate studies. Also given after the date indicated on the official university calendar for an automatic Q to a student who is passing at the time the official drop is processed. (A student who is not passing receives the grade of QF under such circumstances.)
S    Satisfactory: used to report 5-week grades for 1000, 2000 and developmental courses.
U    Unsatisfactory: used to report 5-week grades for 1000, 2000 and developmental courses.
X    No grade posted by instructor: used to indicate that no grade was posted by the instructor teaching the course.

Removing the Grade of I
For the undergraduate student, the grade of I must be removed within the time specified by the instructor, not exceeding 12 months from the date the I was recorded. When the student completes the work in the course, the instructor submits a change of grade form through the chair of the department and the college dean to the Registrar. The grade of I may be changed only to A, B, C, D or F. Should the conditions specified above not be met, the I will become an F. Extensions of time, when merited, may be granted by the Provost and Vice President for Academic Affairs after consultation with the dean of the college concerned. I grades must be completed prior to graduation. I grades not completed by the end of the semester in which the student is scheduled to graduate will turn into F’s and will be calculated into the cumulative grade point average. Extensions of must be submitted to the Registrar’s Office by the instructor.

Change of Grade
After being reported to the Registrar, grades other than I may not be changed unless an error has been made by the instructor.

Students should review their end of semester final grades closely to ensure their accuracy. If an error or discrepancy should occur, the student should contact the appropriate professor and/or the Office of the Registrar immediately for resolution. It is recommended that those changes occur no later than the beginning of the next semester. Under no circumstances will grades be changed after one calendar year.
Repetition of a Course
If a student repeats a course that may not be taken for additional credit, it is the policy of the university to count as part of a student's cumulative grade point average only the last grade received in the course, whether passing or failing, other than a grade of Q. However, for purposes of grade point average calculation on course work for graduation, grades stand as recorded unless the same course is repeated at this university.

Students who have received their first bachelor’s degree from this institution cannot repeat courses that were used to earn the first degree for purposes of grade point average calculation.

It is the responsibility of the student, after repeating a course, to file a special request form in the Office of the Registrar, so that the adjustment in the grade point average, when applicable, can be entered on the permanent record.

Repeated Grade Notation
Repeated course(s) and grade(s) are not removed from the official or unofficial transcript. The repeated grade and grade points will be removed from the cumulative grade point average only. The repeated course will be identified with the letter E next to the quality points on the transcript. Repeating a course after graduation will not change your graduation grade point average.

ACADEMIC STANDING
Classification of Students

- Freshman: fewer than 30 semester hours of credit.
- Sophomore: at least 30 semester hours of credit, but fewer than 60 semester hours.
- Junior: at least 60 semester hours of credit, but fewer than 90 semester hours.
- Senior: at least 90 semester hours of credit.

Grade Point Average (GPA)
The grade point average accumulated on the permanent record of a student at A&M-Kingsville will be based on course and grade points earned by a student on work taken at this university. Transfer courses will be accepted as credit only. Such credit may be used for fulfilling degree requirements and graduation requirements. (For information on specific college admission, certification and graduation requirements, refer to the appropriate section of this catalog.)

A student's grade average on this university's work is expressed in grade points. Each semester hour of A counts four points, B three points, C two points, D one point and F zero points. The cumulative, or overall, grade point average (GPA) is computed by dividing the total quality POINTS earned by the total number of quality hours (GPA HRS). Transferred and credit only hours are not computed in the cumulative A&M-Kingsville grade point average. Passed Hours are credits where a passing grade was earned (including courses graded as credit (CR) only).

Grade Point Summary
All official and unofficial transcripts will include some of the following items (institution and transfer course work will be listed on separate lines under the TRANSCRIPT TOTALS):

- Attempted Hours: all hours attempted whether passed or failed
- Passed Hours: only the hours where a passing grade was received
- Earned HRS: number of hours earned (does not include failing grades, excludes grades Q, QE or QI)
- GPA HRS: hours used to compute GPA (including failing grades; does not include excluded grades Q, QE or QI)
- Points: (Quality Points) grade points from the following grades: A, B, C, D & F
- GPA: points divided by GPA HRS

Honor Roll, Dean's List and President’s List
Full-time undergraduate students of highest academic rank will be honored each semester by the publication of their names on the President’s List, Dean's List and the Honor Roll List. The President’s List requires a grade point average of 4.00 on all work attempted for a particular semester, with a minimum of 15 semester undergraduate hours completed, exclusive of credit only (CR) courses. The Dean's List requires a grade point average of 3.65 on all work attempted for a particular semester, with a minimum of 13 semester undergraduate hours completed, exclusive of credit only (CR) courses. The Honor Roll requires a grade point average of 3.5 on all work attempted for a particular semester, with a minimum of 12 semester undergraduate hours, exclusive of credit only (CR) courses.
Minimum Grade Requirements
The minimum grade point requirement for students who are considered to be making satisfactory academic progress is a 2.0 cumulative institution grade point average and a 2.0 GPA is required for graduation. All transfer students must have a cumulative 2.0 GPA to transfer into A&M-Kingsville.

Scholastic Probation
Students will be placed on scholastic probation any time their cumulative institution grade point average at A&M-Kingsville falls below 2.0. Such students are required to participate to the fullest in academic support programs and to seek academic advising. Students who have been placed on scholastic probation will be removed from such probation at the conclusion of the semester or summer term at this university when they have achieved a 2.0 cumulative institution grade point average.

Enforced Withdrawal
Students who have been placed on scholastic probation, and who fail to achieve the minimum cumulative institution grade point average during the next long semester, will be placed on enforced withdrawal. Students who have been placed on enforced withdrawal may return after an absence of one semester; however, students placed on enforced withdrawal for a third time may return only after an absence of one year. Students who have been placed on enforced withdrawal for a third time must obtain an approval letter from the appropriate college dean. In either case, the required absence period may be shortened or eliminated upon approval of the college dean. Students who remain out for two or more years must submit a readmission application to the Office of Admissions.

Students will start the above process by making an appointment with their academic adviser to complete the necessary form for approval to return to the university.

Removal of Enforced Withdrawal Status by Summer Study
Students placed on enforced withdrawal at the end of the spring semester are eligible to attend the subsequent summer session. If the student achieves a cumulative institution grade point average of 2.0 or higher at the conclusion of the summer terms, the enforced withdrawal status will be removed.

THE STUDENT'S PERMANENT RECORD
Transcripts
Official transcripts of the student's academic record may be requested at no cost in writing from the Office of the Registrar or online. The student should list the complete name as recorded while attending the university (or name changed to after leaving the university), student identification number or last four digits of his/her social security number, date of birth, first and last enrollment, contact phone number, number of transcripts requesting and the address where the transcript(s) are to be mailed. All transcript requests must be signed by the student. Failure to sign the request will void the request and the request will not be processed. Transcript requests may be faxed or e-mailed but must have all required information and signature to be processed.

A student must provide identification at the Office of the Registrar when picking up a copy of a transcript in person. The Family Educational Rights and Privacy Act of 1974, and amendments thereto, states that parents, spouse, legal guardian or others are not authorized to pick up transcripts of students unless written authorization by the student is provided.

Holds
All students, including continuing education students, should clear any holds they have on their records immediately. Failure to clear a hold causes delays and inconvenience when trying to obtain copies of transcripts through the mail or in person. Since a hold on the record may affect a student from obtaining/viewing grades at the end of the semester, students should be sure they do not have any holds before final examinations start. Students with a registration hold on their record will not be permitted to register.

Change of Name, Address or Social Security Number
Students who wish to change their name in the student information system (which will appear on their transcript and diploma must provide original legal documentation of the change to the Office of the Registrar. Not advising the Office of the Registrar of a legal name change may cause transcript requests and registration problems. Social Security Number (SSN) must be changed by providing the SSN card with the new/correct number. Students who change their address should notify the Office of the Registrar, Financial Aid Office and the Business Office.
Death of a Student
The death of a currently enrolled student should be reported to the Office of the Registrar immediately. After confirming the death, the Office of the Registrar notifies the appropriate faculty and academic dean, closes all student records and codes the student information system to block mailings to the deceased.
GENERAL REQUIREMENTS FOR GRADUATION

The university has established General Education requirements for all baccalaureate degrees. A general education results in the acquisition of a common body of essential knowledge and skills that together facilitate the development of students as individuals and as members of communities. Students are strongly advised to consult their individual degree plans and academic advisers for any specific requirements for their majors within the General Education curriculum. Students are also advised to consult the online catalog for any additions to the course offerings. The Center for Continuing Education extends the services of the university to business, industry, educational institutions, professional organizations, governmental units and other groups of adults who need non-credit courses, conferences, institutes, workshops, seminars, short courses and special training programs. The center offerings fall into two categories: extension credit courses and non-credit enrichment activities.

**Extension Credit Courses**
Most courses listed in this catalog may be offered, upon sufficient demand as extension courses. Extension classes can be organized for out-of-state and out-of-country special purposes. However, the entire expense of the class including salary and travel for the instructor plus administrative cost must be met by the tuition and workshop fees collected. Specific fees will be determined for each course offering. Fees will not be refunded after the first class meeting or the deadline for the first required deposit.

**ENRICHMENT ACTIVITIES**
Enrichment activities are non-credit offerings including meetings, classes, short courses, workshops and online or Internet non-credit courses. A few of the enrichment courses offered periodically through the Center for Continuing Education include aerobic dance, social dance, belly dancing, conversational Spanish, German, French and Chinese, digital photography, defensive driving, youth camps and short courses in technical writing, GRE preparation, computers, communications, management and other areas as needed. Over one hundred (100) online non-credit training courses are available through our Continue to Learn program found at [http://tamuk.continuetolearn.com/](http://tamuk.continuetolearn.com/).

No admission requirements are necessary for non-credit course participants. A detailed description of course content and level will be available before enrollment periods. Registration dates and sites for non-credit courses are announced in advance or students may request course information from the center.

The Continuing Education Unit (CEU) will be given for certain non-credit instructional activities. One Continuing Education Unit is defined as ten contact hours of participation in an organized continuing education experience under qualified instruction. (A fraction of a unit may be awarded.) Texas A&M-Kingsville maintains a permanent record of all CEUs awarded to individual participants and an official transcript is available from the center for $2.

**Out-of-State Programs**
The center sponsors out-of-state training seminars and short courses in various topics, including language training, culture, arts and crafts, history and other areas as needed. These courses are offered for Continuing Education Units (CEUs) and in some cases for extension credit. More detailed information about these and other programs is available at the Center for Continuing Education.

**Elderhostel Programs**
Elderhostel is a nonprofit organization offering short-term academic experiences for people over 55. During an Elderhostel program, seniors study liberal arts courses designed especially for senior citizens. They are challenging and thought-provoking, but do not require any prior knowledge or formal training, homework, exams or grades. Besides daily classes, programs often include course-related field trips.

Most Elderhostel programs last five or six nights and start on Sunday. Seniors stay in comfortable commercial facilities and eat at campus cafeterias and dining halls. For additional information call 361-593-2861.

**Intensive English Program**
The Intensive English Program (IEP) curriculum is focused on the needs and goals of each student. The IEP provides intensive English training for non-degree and degree-seeking non-native English speaking students who have not reached the university’s minimum TOEFL score requirement. The curriculum features high interest topics and focuses on both accuracy
and fluency. The multi-skills course syllabi integrate themes, structures, functions, vocabulary and pronunciation. A computerized language lab with access to the World Wide Web provides an unlimited number of resources in English-as-a-Second-Language. Students who successfully complete the IEP Exit Portfolio are exempted from the university’s TOEFL requirement. Four, eight and sixteen week sessions are available every semester or term. Visit www.tamu.edu/iep for more information.
The Center for Distance Learning & Instructional Technology (DLIT) is dedicated to supporting the efforts of the institution to develop well-rounded leaders and critical thinkers who can solve problems in an increasingly complex, dynamic and global society. The Center extends credit academic services of the university, through a variety of technologies and off-campus instruction, to those who are unable to avail themselves of university instruction through regular resident registration study. Training and support are provided to faculty, students and staff through workshops, online tutorials and individualized training sessions.

DISTANCE LEARNING COLLEGE CREDIT COURSES

Many courses listed in this catalog may be offered in a distance learning format, upon sufficient demand and by prior approval of the Texas Higher Education Coordinating Board. Courses are offered in a variety of delivery formats:

- Internet
- Hybrid
- Videoconferencing
- Off-campus and
- Correspondence

All courses are the equivalent of the same courses taught on campus and are awarded equal credit. All credit course work, including corresponding courses, is calculated as a part of the overall grade point average. A student should expect the same supplemental reading, written reports and other work necessary to make the course equivalent in scope and type of instruction to a face to face course offered on campus. In addition, all classes require the same number of clock hours of instruction as a course offered on campus. Textbooks for all distance learning courses will be available from the university bookstore or the electronic book store. Students are responsible for obtaining the textbooks and any needed supplies.

General Restrictions on All Courses

A student who desires university credit for a course must meet the university entrance requirements and the specific prerequisite requirements for the individual course. Students on suspension from any university cannot register for any courses.

Students may register for courses through the university’s online registration process (Blue and Gold Connection). Registration dates are listed under the Blue and Gold Connection website: http://www.tamuk.edu/bluegold/.

NOTE: Students must register for correspondence courses through the Center for Distance Learning and Instructional Technology. See Correspondence Courses information in this section.

Internet Courses

Internet courses are delivered using the Blackboard learning management system. Internet courses will have 85% or more of the content delivered online. Although participation in the course occurs primarily online, some courses may require a mandatory first class meeting. If a student resides too far from the campus or has extenuating circumstance, the student must contact the instructor prior to this first class meeting to make alternate arrangements. The first meeting with the instructor is designed to develop a dialogue between the student and the instructor and nurture a positive experience for each individual enrolled in a TAMU-K Internet course. Contacting the department or instructor for the course prior to enrolling is highly encouraged. Contact information is provided in the Blue and Gold course schedule. In addition, proctored testing may be required for exams offered in an Internet course. Students should contact the instructor regarding this requirement. Internet courses are not self-paced so accessing course materials and interacting with the instructor and other students on a regular basis is expected.
For computer technical requirements, visit the Distance Learning and Instructional Technology website at http://www.tamuk.edu/distancelearning/internetcourses.htm.

Hybrid Courses
Hybrid courses are delivered using a combination of delivery formats; primarily face to face and Internet. Hybrid courses will have 50-85% of the content delivered online. Students attend class on campus; however, a portion of the scheduled instruction will occur via the Internet through the Blackboard learning management system.

Videoconference Courses
Videoconferencing courses offer two-way audio and video interaction between classrooms located on the TAMU-K campus and videoconference classrooms in other locations. Connections are coordinated statewide by Trans Texas Videoconference Network (TTVN) with central offices located at Texas A&M University in College Station. All Texas A&M system campuses have the ability to collaboratively broadcast and receive hundreds of videoconference courses.

Off-Campus Courses
Off-campus courses are offered at locations in the area including Alice, Beeville, Corpus Christi, Falfurrias, Pleasanton and Weslaco. Other off-campus sites may be added as needed. Courses for undergraduate credit must have a minimum enrollment of 12 registered students and course for graduate credit must have a minimum enrollment of 7 registered students.

Students must register at the Center for Distance Learning and Instructional Technology or request a registration form by mail. To enroll a student should return form to the Center, accompanied by a current transcript and the registration fee.

Tuition cost for each three hour correspondence credit course shall equal the tuition for an equivalent three hour credit course offered during the fall semester on campus. Fees will not be refunded after a student has received the lesson outline. Students must pay the postage on all papers mailed to the correspondence division. The university bookstore can mail books to a student C.O.D., if notified that the text is needed for a correspondence course.

Special Restrictions
Students may register and begin work anytime on a correspondence course. In order to register for two correspondence courses concurrently special permission from the director of distance learning and instructional technology must be secured. Students may not enroll in correspondence courses that they have previously failed in residence.

A student may complete no more than 18 semester hours of work required for a bachelor’s degree by correspondence credit. A candidate for a degree should also observe the residence requirements listed under the “General Requirements for a Degree” section of this catalog. Students in residence need to secure written approval from their degree major adviser, chair and college dean before registering for a correspondence course. Permission also has to be obtained from the chair and dean of the department and college offering the course.

Time Limits
No course may be completed in fewer than 60 days. A student normally has a maximum of one year to complete a course. In a hardship case the director of distance learning and instructional technology may grant a one-time extension of four months; the student must request such an extension before the course’s expiration date and must pay an additional fee of $25. Students who need the credit for graduation or certification at the end of a semester must complete all course work at least four weeks prior to the end of that semester.
Completion of course
In order to secure credit for the course, the student must satisfactorily complete all the lessons outlined for study, do all the required supplementary reading and pass the final written examination given under the supervision of an examiner approved by the center. Students need not wait for the return of lessons before submitting additional lessons. It is the center’s policy, however, to accept no more than four lessons per week. Instructors will not be held responsible for grading papers during the period starting one week prior to the end of a semester or term and two weeks after the beginning of another semester.

Final Examination
Students should mail the Request for Final Examination form to the center upon receiving all of the graded lessons. The final examination must be taken within one month after all lessons have been returned to the student.

A student may make arrangements to take the final examination with officials of another institution and notify the center of such arrangements. In this case the student must pay an appropriate fee to the institution that administers the final. No test fee is charged for tests taken on the Kingsville or Weslaco campuses.

DISTANCE LEARNING DEGREE PROGRAMS
Texas A&M University Kingsville offers two distance learning programs at the graduate level; the Master’s in Communication Sciences and Disorders and the Master’s in Counseling and Guidance. Both degree programs are offered through a combination of three delivery modes, off-campus face-to-face instruction, videoconferencing and the Internet. Four additional Master’s degree programs are offered completely online via the Internet, Adult Education, Industrial Engineering, Educational Administration & Instructional Technology.
