

## **ARTICULATION AGREEMENT**

**Del Mar College (DMC)**

***Department of Computer Science, Engineering, and Advanced Technology  
Division of Health Sciences and Professional Education***

**Texas A&M University–Kingsville (TAMUK)  
Frank H. Dotterweich College of Engineering**

***Engineering Programs (DMC)  
and  
Bachelor of Science Degrees in Engineering (TAMUK)  
Architectural Engineering  
Chemical Engineering  
Civil Engineering  
Electrical Engineering  
Environmental Engineering  
Mechanical Engineering  
Natural Gas Engineering***

This articulation agreement is designed to facilitate the transfer of students from the Engineering Programs at Del Mar College (DMC) to the Bachelor of Science programs in Architectural Engineering (BSAE), Chemical Engineering (BSChE), Civil Engineering (BSCE), Electrical Engineering (BSEE), Environmental Engineering (BSEnvE), Mechanical Engineering (BSME), and Natural Gas Engineering (BSNGE) programs at Texas A&M University Kingsville (TAMUK). The Division of Health Sciences and Professional Education at DMC and the Frank H. Dotterweich College of Engineering at TAMUK enter into this agreement under the following provisions:

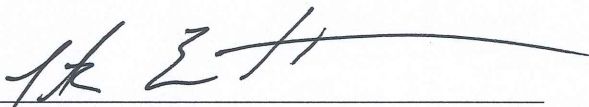

1. Articulation for the purpose of student transfer between the above departments refers specifically to this written agreement that identifies courses, or sequence of courses, from DMC that are comparable to, or acceptable in lieu of, specific course requirements at TAMUK and enable the student's progression to the next level of course sequence or requirements at TAMUK.
2. All DMC courses listed in the DMC-TAMUK Course Map are transferable to TAMUK and satisfy the indicated courses in the various TAMUK BS engineering degree programs.
3. Both parties to this agreement acknowledge that, in accordance with Sec. 61.822 of the Texas Education Code, completion of all requirements of the DMC Core Curriculum will satisfy all TAMUK General Education requirements. However, a DMC student transferring to TAMUK before completion of the DMC Core Curriculum is subject to a course-by-course evaluation of his/her transcript for acceptance by TAMUK and fulfillment of the TAMUK General Education requirements.

4. All articulated math, science, and engineering courses must be completed with a "C" or better for acceptance into any BS engineering program at TAMUK.
5. DMC students wishing to transfer must apply for admission to TAMUK and meet all University and College of Engineering admission requirements.
6. All students, including students intending to transfer from DMC, are strongly encouraged to work closely with a TAMUK College of Engineering Academic Advisor to ensure timely completion of all BS degree requirements and adherence to the provisions of this articulation agreement. However, it is the responsibility of the student to be knowledgeable of all degree requirements and the provisions of this agreement.
7. The articulation agreement may be published and provided to DMC students as a transfer guide during academic advisement. This articulation agreement will be reviewed every two years by the DMC Division of Health Sciences and Professional Education and the TAMUK College of Engineering and adjusted, if necessary, to ensure the ease of transfer of students from DMC to TAMUK.
8. Change(s) to this agreement must be agreed upon by both parties.

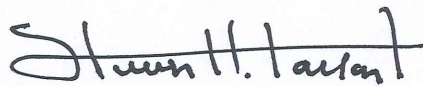

*Executed by the undersigned representatives of the two institutions on July 13, 2016:*

**Del Mar College**

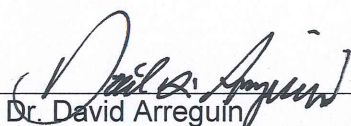

**Texas A&M University-Kingsville**

Dr. Mark Escamilla  
President

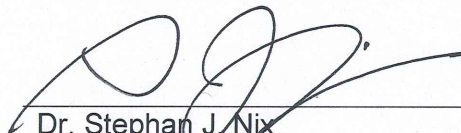

Dr. Steven H. Tallant  
President

Dr. David Arreguin  
Interim Dean, Health Sciences and  
Professional Education

Dr. Heidi Anderson  
Provost and  
Vice President for Academic Affairs

Dr. Stephan J. Nix  
Dean, College of Engineering
