

**2016-17 Solid Works Software on Campus, and SolidWorks Download or DVD for student use**

The Mechanical and Industrial Engineering Department, has purchased an on-campus academic SolidWorks license for 200 seats or computers, to be installed, or that has been installed on College of Engineering Computers. Any Mechanical or Industrial Engineering faculty member can have this software installed on their university computer, as long as they maintain a network connection. Please contact submit an iTech helpdesk ticket to get the software installed. For more general info, go to [www.solidworks.com/sw/education/student-software-3d-mcad.htm](http://www.solidworks.com/sw/education/student-software-3d-mcad.htm).

Also, for home and personal/non-commercial use, TAMUK students and faculty that live within 50 miles of TAMUK can purchase a DVD for 45\$ that has the **2016-17** SolidWorks “Student Engineering Kit.” The SolidWorks DVD includes a 3D CAD package, additional options for SW certification, Finite Element Analysis, and basic Computational Fluid Dynamics. Or you can go to JourneyED.com and pay \$139.95 for the same thing. There are 200 DVDs available for purchase. The “Student Engineering Kit” is good until Dec 2017.

***If a student just wants the CAD only “Student Design Kit, he/she can download that for \$25, after filling out the form and paying. 200 download licenses are available, good until Dec. 31, 2017.***

**Stipulations:**

- A) The student or faculty must reside within 50 miles of TAMUK.
- B) The software will only work on Windows 7, 8, or 10 OS (64bit only), but not APPLE OS. There will be no refunds for anyone who can't get the software to work on their computer.
- C) To purchase, students/faculty must take this filled out form to **Beth Johnson**, MEIE secretary, x2003, including a valid email address & “Computer Name” where you will install the software on. She will witness and sign below.
- D) Take this filled out form to the TAMUK business office, and pay \$45 or \$25 to be deposited in account # 210635-5761. Get a receipt, and a copy of this form.
- E) Take your receipt and a photocopy of this signed form to Beth. She will give you (\$25 cost) download instructions or (\$45) DVD and a sheet with instructions for installation and a serial number.
- F) You must install the software on the “Computer Name” computer, one computer only.

Full Student Name \_\_\_\_\_ K number \_\_\_\_\_

\$45 Student Engineering Kit  or  \$25 Student Design Kit

Email address to be used when software is activated \_\_\_\_\_

Computer Name where software is to be installed \_\_\_\_\_

*(to find Computer Name, go to “Control Panel” then select “System” and look for the “Computer Name.” The name will look something like EC326laptop.engineering.tamuk.edu, or Peel\_Home\_Computer, etc.)*

Level: Freshman \_\_\_ Sophomore \_\_\_ Junior \_\_\_ Senior \_\_\_ Graduate Student \_\_\_ Faculty \_\_\_

**Agreement:**

*I agree that I will only install this SolidWorks Software on only the one computer listed above, using the above email address and only that computer, and will not allow anyone else to install the SolidWorks software, or use the activation codes. I understand that if I violate this agreement, or allow anyone else to make an unauthorized installation, that I will have my SolidWorks license revoked, and will lose the \$45 / \$25 I paid, and will face university and civil discipline.*

Signature \_\_\_\_\_

Witnessed by **Beth Johnson** \_\_\_\_\_

**Beth will make a copy of this form, and give you a copy.**
