Setting Up Retiree E-Mail on Android

1. First, make sure your android device is turned on, unlocked and on your main screen. Select "**Applications**".

2. Look for the "Settings" icon and select it.

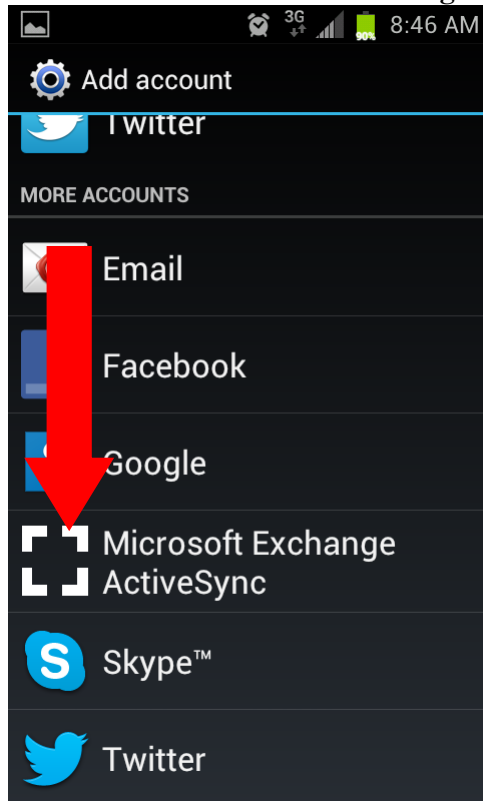

3. In your Settings, select, "Accounts and sync".

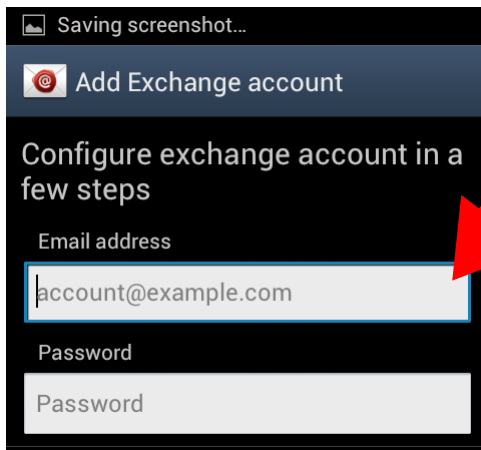

4. Near the bottom of the screen, you will see an, "**Add Account**" button. Select this button.

5. Scroll down to "**Microsoft Exchange ActiveSync**". Select the Exchange ActiveSync icon.

6. On the next screen, enter your e-mail address and password. You may have the options to send e-mail from this account by default or show your password. These options are your choice to select. Once you are finished, click "Next".
