NIST CONTROL FAMILY
AUDIT AND ACCOUNTABILITY CONTROLS

PROCEDURE NUMBER	CONTROL NAME	REVIEW DATE
IT.0800	Time Stamps	07/09/2017

I.   STATEMENT

Texas A&M University – Kingsville (TAMUK) information system must use standardized clocks to generate time stamps for audit records to facilitate logging and monitoring.

II.   APPLICABILITY

This procedure applies to all TAMUK network information resources. The intended audience for this procedure includes all information resource owners, custodians, and system administrators.

III.   IMPLEMENTATION

TAMUK information systems must be configured to use an internal clock to generate time stamps for audit records. Where possible internal clocks shall be synchronized to a centralized Network Time Protocol (NTP) server.
