

**Part I. Requirements and Expenses**

United States universities are required by law to verify that students entering the U.S. with temporary student visas have adequate financial resources to meet the expenses of their program of study. You must complete this form in order to receive a Certificate of Eligibility (Form I-20 or DS-2019) from TAMUK, which you will use to apply for your US student visa. All signatures and documentations provided must be originals and must be less than six months old. Support may come from any combination of sources, including personal, family, or sponsored funds. Be sure to provide documentation for each source of funding. For Scholarship opportunities and other information, please visit the [Office of Financial Aid](#).

University tuition, fees and required health insurance costs are subject to change without notice. Students who do not pay the required tuition, fees and health insurance premium by the 5<sup>th</sup> class day will be dropped from all courses. *You should not plan to obtain a graduate student assistantship or other financial aid after your arrival if you have not already been offered such assistance.*
